**MINNESOTA LEADS 7 TO 3 AT END OF FIRST HALF**

Wisconsin Kicks Field Goal in First Quarter but the Gophers Touch Down in Second

**IMMENSE CROWD SEES GAME**

Fifteen Thousand People It Is Estimated Are Packed Into Camp Randall for the Tilt

Flash—Minnesota scores, 13 to 3.

MADISON, Wis., Nov. 20.—Two thousand people were precipitated to the ground here today when the north bleachers at Camp Randall, where the Minnesota-Wisconsin football game was being played, collapsed. That deaths did not result is considered miraculous, as there is a fall of from a height of from fifteen to thirty feet from the stands to the ground. The collapse came at the close of the first quarter. Among those injured were Mrs. R. A. Roberts, Racine, ankle broken; Mrs. Frank Gilbert, Madison, ankle badly cut; Mrs. Thomas, Milwaukee, ankle broken.

MADISON, Wis., Nov. 20.—Quint kicked off to Stavrum on Wisconsin's twenty-five yard line and he returned twenty-five yards. Bierman intercepted a forward pass on Wisconsin's forty-five yard line and ran three yards. Wisconsin punted to Minnesota's twenty-five yard line. On line smashes Minnesota carried the ball to Wisconsin's twenty-four yard line. After an exchange of punts the quarter ended with the ball in Minnesota's possession on her own forty yard line. Score: Wisconsin, 3, Minnesota, 0.

**Second Quarter**  
Johnson made four yards around right end. On line bucks, making from one to three yards at a play, the Gophers took the ball to the Badgers' twenty-six yard line. Two attempts on the line failed to gain, and Minnesota lost the ball on the twenty-five yard. Wisconsin punted to Minnesota's forty yard line. Illinois in Lead

CHICAGO, Nov. 20.—Illinois lead by 10 to 0 this afternoon with Chicago at the end of the first half.

BOSTON, Mass., Nov. 20.—Harvard beat Yale today 41 to 0.

**ITALIAN SHELLS SET GORITZA AFIRE**

VIENNA, Nov. 20.—Via Amsterdam and London.—Gorizia is burning in many places today. The Italians have thrown 3,000 shells into the town. Many of the inhabitants have been killed. The property damage is enormous. From a military standpoint, however, the Italians have accomplished little. The Austrians firmly hold all their original positions and are repulsing attack after attack.

## "PRETTY LITTLE INDIAN MAID" LOVE SONG IRKS NATION'S EXECUTIVE

NEW YORK, Nov. 20.—Despite a protest from the white house, the printing presses are busy running off copies of a song dedicated to President Wilson and his bride-to-be, under the title "Pretty Little Indian Maid." The words are supposed to tell the story of the president's wooing of Mrs. Norman Galt, a descendant of Pocahontas.

Michael J. Fitzpatrick, who wrote the ditty, said today he didn't know whether he would heed the president's request. The song is being published, he said, but he might consent to keep it from the music shops.

Fitzpatrick wrote the song to compliment the president, he said. He sent a copy to the white house. The return mail brought a letter from Secretary Tumulty declaring: "The

It is presumed that most if not all the La Crosse delegation in the state university, including more than fifty students, were at the game, and railroad offices report a total of fifty-five citizens of this city who went to Madison especially for the game. A telephone message from the TRIBUNE'S Madison correspondent, at 3:15 p. m., brought information that so far as was then known none from La Crosse had been injured. It was said that in the excitement and confusion it is difficult to get definite news.

A partial list of the La Crosse citizens attending the game includes the names of Misses Hester Jacobs and Hazel Josten of the local high school faculty, the Misses Irma Holmes, Margery Keeler, Helen Looney and Edith Newburg; Dr. Edward Evans, J. E. Higbee, Mrs. Bertha Young, Miss Laura A. Sullivan and Kenneth Salzer.

Among the students are Miss Mammie Olson, Fred and Russell Millington, Knut Houck; the three sons of Dr. Adolph Gunderson: Gunnar, Sigurd and Borge; Raymond Grams, Irving and Armand Tuteur, Esther Wager, Elmer Holway, Agnes, Arthur and Mertie Hayes, James Evans, Irene Esch, Theodore Edwards, Helen Dyson and Frank Funke.

Eddie Stavrum, star end, Borge Gunderson and "Boots" Weimar, La Crosse boys who are members of the football squad, no doubt were not in the bleachers.

## LOCALS OUTPLAY ST. PAUL CENTRAL IN THIRD PERIOD

Visitors Unable to Pierce the Great Line of the La Crosse Machine

**HUGE CROWD IN ATTENDANCE**

Throng Estimated at More Than 2,500 Turns Out to See the Contest

Third quarter, 0 to 0.

The second quarter was scoreless. St. Paul braced a little.

Outplayed completely, and unable to penetrate the La Crosse line, St. Paul Central high school, acknowledged champions of Minnesota and both the Dakotas, was held to a scoreless tie for the first quarter this afternoon by the prospective state champions of the local high school. La Crosse, on the other hand, made substantial gains through the Central line and went around the ends repeatedly for big gains.

Probably the biggest crowd that ever saw a football game in La Crosse turned out to the game. It is estimated that more than 2,500 people were on normal field. St. Paul came down with half a hundred rosters, who made weak attempts to answer the demonstrations of the La Crosse contingent.

The field, slippery from the rain and snow of the last two days, was an advantage for the heavier visitors.

## HEAD-ON CRASH OF CAR AND AUTO PUTS TWO IN HOSPITAL

Arthur Bell Has Broken Leg, Joseph Zahn Gash on Head and Machine Is Wrecked

**CAR PRACTICALLY AT STANDSTILL**

Car Crew Asserts Driver Apparently Made No Effort to Turn Speeding Machine from Track

Arthur Bell, 26, 327 So. Seventh street, is in the Lutheran hospital with a fractured leg and Joseph Zahn, his companion, is nursing a big gash on the head today, following the failure of Bell's light touring car to push a street car from the track on Mormon Coulee road near the Gund stables yesterday evening. Street car men said today the car was practically at a standstill when the automobile crashed into its head end. The machine was wrecked, it is said, beyond hope of salvage.

Motorist George Childer and Conductor William Griswold told of the smashup today. They said they were coming toward the city on Mormon Coulee road, about 9:45, and had stopped to flag over the crossing of the Gund spur track. Conductor Griswold had just boarded the head end of the car, and it was barely in motion, the men said, when Bell's machine smashed into it.

The machine, with its lamps lighted, came down the track at great speed, it was asserted, with one wheel in the car track. There was apparently no attempt on the part of the driver to turn out, it was declared at the offices of the company today.

When the crash came, one front window of the street car was smashed and the left front step torn off. The automobile was completely demolished. The three occupants of the machine were hurled out upon the brick paving. Zahn, he told nurses at the Lutheran hospital, was thrown headfirst through the windshield, sustaining the deep gash on the head. Bell was found with a broken leg. The third occupant of the car, who had been riding in the rear seat, was only shaken up and bruised.

The street car which had been the target of Bell's machine was turned into an ambulance, and the injured men were taken to the hospital after having been picked up by the car crew. Zahn left last night after the gash in his head had been dressed. Bell is still at the hospital. He has a complete fracture of the left leg, but his condition is not dangerous.

## TAX RATE OF 24 MILLS IS PASSED BY THE COUNCIL

Attempt May Be Made to Raise It at Adjourned Meeting Monday Night

**BUDGET NOT YET IN LAST SHAPE**

Alderman Roellig Would Put 20,000 More in Budget Instead of Issuing \$20,000 Sewer Bonds

Twenty-four mills was the tax rate which received the O. K. of the city council last night when tentative budget figures were brought in but a strong movement had its inception at the meeting to raise the rate to twenty-five mills, and a fight is promised when the completed budget comes up for adoption Monday night. The finance committee at last night's meeting reported that despite their best efforts, time had been lacking to get the budget into final shape. A practically complete list of estimates was read, however, which calls for a tax of 24 mills—one mill more than the present rate.

**State Is Blamed**  
It appeared from the figures read by Alderman B. C. Smith, chairman of the finance committee, that the \$24,000 increase in state and county taxes which the city must pay is responsible for the extra mill. When he read the figures of the state and county levy upon the city—\$170,169.74—Alderman Smith paused.

Alderman Mahoney struck in: "That's due to what the legislature did with the highway fund," he said. "They shifted the cut on us to make it appear they cut down taxes, and the county has to pay."

The movement for a twenty-five mill rate was led by Alderman William Roellig of the Eleventh ward in order to get away from a \$20,000 bond issue the finance committee recommended to raise funds for the Mississippi street trunk sewer. The tentative budget provides a \$20,000 bond issue to get the \$40,000 which is approximately the city's share of the project. Alderman E. O. Schultz objected to the bond issue. He advocated waiting another year so that the city could raise the money necessary before starting the work.

**Roellig Gets Support**  
Alderman Roellig was also opposed to the bond issue. But he declared the sewer project is pressing, and urged another mill on the tax rate to make up the \$40,000 without resorting to a bond issue. Aldermen William Torrance and A. P. Funk came to his support.

A motion, however, was already before the house that the council give its approval to the 24 mill rate, and after an attempt to block a vote by adjournment, which was moved by Alderman Mahoney, the lower rate was adopted. Mahoney's motion to adjourn lost out by six votes to fourteen.

The 24 mill rate was approved by 2. Alderman Mahoney excused himself from voting, and Aldermen Roth and Roellig voted "no." The action of Mahoney caused considerable speculation after the meeting, his refusal to vote being taken as predicting a vigorous fight when the budget is presented for adoption Monday night.

After the meeting Alderman Roellig began a determined cloakroom campaign for the higher rate, and promised to bring his fight for the extra mill before the council Monday night.

**Many Improvements**  
Close to \$85,000 worth of permanent improvements contemplated in the tentative budget which was submitted last night. The largest item is the \$40,000 for the Mississippi street sewer. The next in importance is the \$15,000 to be appropriated for the ninth grade addition to the Logan school, and there is an item of \$3,900 for a fire truck for the north side and \$2,000 for a voting booth in the Twelfth ward.

The school appropriation is \$118,000—\$4,000 less than asked for by the board of education. Several permanent improvements at school buildings are contemplated which do not appear in the budget, however, Chairman Smith explained. He said that the estimates were conservative and that a surplus of twelve or fifteen thousand dollars might be expected by the end of the year.

## BURLINGTON AGENT WELL KNOWN HERE KILLED ON DUTY

William Fairweather Slain While Searching House of Alleged "Fence" for Stolen Goods

**OFTEN ASSISTED LACROSSE FORCE**

Was Instrumental in Rounding Up "Mob" of Pickpockets Here During Eagle Week

Chief of Police John B. Webber and the entire police force was shocked today by news that William Fairweather, special agent of the Burlington railroad, had been killed yesterday at Rochelle, Ill., while searching a house for stolen goods. Fairweather has been in La Crosse and assisted the local department on numerous occasions. For several years he has been one of the special corps brought to the city for fair week, and he was here during the Eagles' convention.

**On Box-car Robberies**  
Fairweather had been working on a series of box-car robberies at Rochelle for the last few weeks. According to word received here, he had fastened suspicion upon one Robert Chester as "fence" through whose agency the stolen goods were being sold. Yesterday evening, with two Rochelle policemen, Fairweather took a search-warrant to Chester's house.

The officers were ransacking the house when a shot rang out and Fairweather dropped, mortally wounded. He had been shot through a peep-hole in the wall, from another room. The officers with him dashed into the next room, but it was empty, and up to noon today no trace had been found of Robert Chester.

Armed posses with bloodhounds today were beating through the country between Rochelle and Aurora in search of the alleged "fence." He will be charged with Fairweather's murder if caught.

### Caught Notorious "Dips" Here

Chief Webber today recalled that it was largely owing to Fairweather's knowledge of underworld characters that the crowds which invaded La Crosse during Eagle week suffered practically no depredations by pickpockets. The second night of the convention, during a band concert at Riverside park, Fairweather recognized a familiar "mob" of pickpockets preparing to work the crowd, and with assistance of local men and special agents, rounded them up and took them to the station. Three of the men arrested were nationally notorious "dips."

## HAISELDEN FREED BY CORONER'S JURY

He Charges One Babe a Day Is Permitted Secretly to Die in Chicago

CHICAGO, Nov. 20.—Six eminent physicians vindicated Dr. H. J. Haiselden for refusing to perform the operation that might have saved Baby Bollinger, the defective, from death. Investigation of the charge that at least one new-born baby a day is permitted secretly to die in Chicago was expected to follow.

Dr. Haiselden, stung by a bitter attack from Commissioner of Health Dr. John Dill Robertson, made the charge while testifying at the inquest. Dr. Robertson refused to comment on the charge. He merely said, when questioned by the jury, that "such deaths as Baby Bollinger's had happened here many times before."

Order Taken as Attempt to Prevent the Holding of Ships by the Allies

**ULTIMATUM REPORT UNCONFIRMED**

Kitchener Was to See the King Today Unless the Queen Should Fail Him

LONDON, Nov. 20.—Private advices from German sources through Copenhagen that the Athens government has ordered all Greek vessels from French and Italian ports immediately, is generally taken as a hint that King Constantine means to defy the allies. The order is accepted as an attempt to forestall detention of Greek craft by the French and Italians, a step the English have already taken. That the allies have served an ultimatum on Greece is not yet confirmed. This report also comes from Germany. Lord Kitchener was to see Constantine today unless the queen prevailed on her husband to refuse his lordship an audience. She failed in the case of Denys Cochin the French emissary.

## BOTH SERB FORCES FACE DESTRUCTION BY THE INVADERS

Army of South Thought Last of Power After the Fall of Monastir

**ARE HARASSED IN THE NORTH**

Flight or Capture Appear to Be Only Alternatives for the Remaining Troops

PARIS, Nov. 20.—With Monastir's fall, it is believed today the southern Serb army's independent resistance to the Bulgarian invasion is ended. The French and British are expected to do the fighting in this region henceforward, doubtless assisted by the remnants of the shattered Serbian forces, and bands of Serbian guerrillas.

The Bulgars, advancing from Priepe on Monastir, twenty-five miles to the southward, are understood to have brushed the main Serb forces to the westward. If the Serbs are not already across the border in Albania, there is little hope they will be able to retain a foothold on their own soil many days.

The Bulgars are not expected to advance much south of Monastir, as the town is less than ten miles from the Greek frontier, which the Bulgars probably will be careful not to violate.

Northwest of Monastir desperate fighting is again reported between the French and Bulgarians. The French are said to have renewed their efforts to take Veles but no claim is made that they are gaining ground.

Bulgar counter attacks are reported on the Anglo-French force which is operating against Strumitza. The impression here is that the allies are not yet in sufficient force in southern Serbia to act effectively and that their number must be heavily increased before they can wage a successful offensive.

**Northern Army Imperiled**  
BERLIN, Via London, Nov. 20.—Flight or capture are the alternatives the northern Serb army faces today.

Headquarters reports admit the Serbs can get into Montenegro if they move quickly. If they delay, however, for a last stand fight against the Germans who are closing in on them from the east and north, their only line of retreat will be cut off.

The Montenegrins are preparing to transfer their capital from Cetinje to Scutari, a Vienna dispatch asserts this afternoon.

## GLASS OF SALTS CLEAN KIDNEYS

If your Back hurts or Bladder bothers you, drink lots of water.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active. Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness. Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

**RESCUED FROM BARGE**  
ERIE, Pa., Nov. 20.—Seven men were rescued when the Canadian barge Bob Roy sank in Erie harbor today in a blinding snowstorm. The harbor tug managed to draw the barge into shallow water before it went to the bottom.

"What makes you so sure that waiter used to be a baseball umpire?" asked the friend of the amateur detective. "From the tone in which he said: 'The batter is out.' when I asked for hot cakes this morning," replied the embryonic Sherlock Holmes.

Jordan Brothers Here Today Seeking Location for Horse and Mule Business

LONG YEARS OF EXPERIENCE

Identified with Chicago Horse Circles and Known to All Northwest Trade

Shall the La Crosse Horse & Mule company be started in La Crosse? The three Jordan brothers, for years prominent in the Northwest horse and mule trade, are in the city for the purpose of establishing a sales stable here. They are E. L. Jordan, H. S. Jordan and C. R. Jordan. They have been interested in the horse business in a big way for years, and are prominently identified with the horse interests in Chicago, where they located one of the biggest commission houses.

For a year the Jordan brothers have been located in Galesburg, where they have just closed a large contract for European war consumption.

**Seeking Smaller Towns**  
Owing to the prevalence of horse diseases in Chicago, horse firms are seeking smaller cities, and in seeking an establishment in the more northerly west Mr. E. L. Jordan consulted Mr. Harry Palmer, now with Ellsworth & McNair, of the Chicago stable of that name. As a result the Jordans were induced to visit La Crosse before selecting a location, and are here for that purpose.

**Clearing House**  
The sales stable is a sort of clearing house for horses, mules and equipment. It provides a constant market for the seller and a source of supply in which, from the great variety, one may select just the horse that one requires.

**A Business Getter**  
The advertising program of a sales stable is extensive. Towns for seventy-five miles around are billed weekly, and the sales lists are carried in the papers. With no competing sales stable in this entire section, the market would bring people having horses to sell or desiring to buy, from long distances, thus adding the mercantile business.

**Regular Sales**  
Regular sales will be held, horses, mules and equipment being auctioned off either as the property of the stable or on commission for all who offer them. The elder Jordan is an experienced auctioneer.

The business, Mr. E. L. Jordan says, will require an initial investment of \$10,000 in horses, try-wagons and other equipment. He agrees to bring seven families permanently to La Crosse, and to make this investment. He offers no stock for sale, but wants the expense of securing location, moving and establishing the business met. He estimates this cost at \$2,000, and believes La Crosse will compete with other cities under consideration by meeting the bill.

**Interest Manifested**  
Today conferences were held with Mr. William Doerflinger, Harry Taggart, secretary of the local merchants' and grocers' organizations, and Mayor A. A. Bentley. The enterprise seems to be enlisting considerable interest.

## ITCHING ECZEMA COVERED ENTIRE BODY, RESINOL CURED

Could Not Sleep, 8 Remedies had Failed. Resinol Stopped Itching Immediately.

Boston, Mass., Aug. 11, 1914.—"My entire body, even my eyelids, was completely covered with blisters as large as a pea. When one would burst water would come from it, and then it would turn into a very painful sore. The burning and itching were something terrible, and I COULD NOT SLEEP nor rest. I think I had one of the worst cases of eczema a human being ever had. I used eight different kinds of remedies without success. I then tried Resinol Ointment and Resinol Soap and it stopped the itching IMMEDIATELY. I gradually noticed a change for the better. Now I am entirely cured, and am without a pimple or blemish on any part of my body." (Signed) Edward F. McCullough, 240 River St., Mattapah. Resinol Ointment and Resinol Soap heal skin eruptions, clear away pimples, and form a most valuable household treatment for sores, burns, etc. Sold by all druggists.

THE REASONS FOR  
THE "SHOWER OF GOLD"

The "Shower of Gold" election is  
an enterprise in which the TRIB-  
UNE takes considerable pride for  
reasons entirely disassociated with  
its business phases, and for the in-  
terest and understanding of our  
readers we offer this discussion of  
the undertaking.

The business purpose of the  
"Shower of Gold" election is to  
stimulate circulation, to increase  
our field of regular readers, and in  
this sense we regard it as any other  
fairly efficient business agency. But  
our pride in it is that its efforts are  
so directed as to create for a num-  
ber of children in families of our  
subscribers nest-eggs of gold that  
may be laid away as the foundation  
for educations or marriage dots, or  
may be otherwise administered or  
expended for the present or future  
benefit of the little ones.

Getting subscribers is the work of  
the circulation department of a news-  
paper. The better the newspaper, the  
easier the work of the circulators,  
and we confess to deep gratification  
over the fact the circulation of The  
TRIBUNE over a wide field has been  
always an easy task.

There are many methods of build-  
ing circulation. The regular way, the  
one we pound steadily at day by day,  
is through the work of the circula-  
tion department's regular staff, call-  
ing upon the people and calling at-  
tention to the features and general  
merits of the newspaper.

In addition to this, once each year,  
a circulation campaign is conducted.  
It is carried on with a temporary  
force, usually traveling solicitors

who move from paper to paper. It is a round-up of the year's business, the final general presentation of our product to the people we seek to serve.

It is in place of this annual general canvass that The TRIBUNE this year presents the "Shower of Gold" election. From it we hope to get about the same results as would be derived from a special canvass, and while it is somewhat more expensive—we would not have to "Shower" all of \$1,550 in gold upon special circulators—we expect to derive some advertisement and popularity from the enterprise, and best of all, we are more than delighted with the idea of paying that \$1,550 in gold to babies in the families of home people, friends and readers, instead of giving a considerable part of it to strange circulation men whom we should see never again.

There is the case, in a nutshell. We anticipate great pleasure in handing these golden prizes over to our home babies in this section of our three states. We feel that in spending money people should always so spend it as to do the most good for the community as well as for the individual. We feel that we are doing just that in this "Shower of Gold" election. What satisfaction it will be a few years hence to hear some fine boy or girl saying:

"I am now going through college on the money I received in The TRIBUNE'S 'Shower of Gold.'"

**THE RACE IS RUN**

In reading Senator La Follette out of the party, before the Chicago Traffic club, Governor Philipp said that the people of Wisconsin are "through with experimental government."

Governor Philipp's "business administration," pledged to reduce taxes and destroy the "tax-eaters," has increased the La Crosse county tax budget some \$40,000.

No, dear governor, with this practical demonstration before them the people are prepared to cast out the "business administration" and return to "experimental government."

**PEACE TALK IS REVIVED**

Action of the central powers in permitting cardinals to appear at Rome to participate in the consistory adds to the notion that the Teutonic allies are ready to discuss peace. The importance of the meeting is that undoubtedly men of the warring nations will talk peace. "Talk" may be "cheap", but talk and more talk lead toward action. By all means, let them talk it over.

**A Repentant**

A well known business man in Lawrence, Mass., once had a customer who contracted a debt that ran along unpaid for a year or more, and even several letters failed to bring about a settlement.

One day, while glancing over the religious notices in a local paper, the businessman saw something that gave him a new idea. He went to his desk and wrote the following note to the debtor:

"My dear Sir: I see in the local press that you are to deliver an address on Friday evening before the Y. M. C. A. on 'The Sinner's Unbalanced Account.' I enclose yours, as yet unbalanced, and trust that I may have the pleasure of attending your lecture."—Youth's Companion.

**Should Watch Him**

"Tact," said the lecturer, "is essential to good entertaining. I once dined at a house where the hostess had no tact. Opposite me sat a modest, quiet man.

Suddenly he turned as red as a lobster and fell into a fit of confusion on hearing his hostess say to her husband:

"How inattentive you are, Charlie. You must look after Mr. Blank better. He's helping himself to everything."

"My life is tinged with one regret," sighed the egotist. "Ah, then there is a regret?" exclaimed the mere man. "Yes, I feel sorry," replied the egotist, "that I have nothing to feel sorry for."

Those Hats

When father bought his new fall hat,  
It sure took mother's gimp;  
She sized it up and told him that  
He looked a perfect simp.  
It was a round affair, high crowned,  
With very narrow rim.  
A gay drab band ran all around;  
It made a kid of him.  
She said: "I hadn't heard that you'd  
Gone into vaudeville.  
You look like a ribbon counter dude.  
That shrieks loud and shrill."  
Said pa, "I am no mossback yap,  
And you can bet your pile  
I wear this fireworks thing, mayhap,  
Because it is the style."

When mother got her new fall hat,  
/It was a scream, a screech,  
And father up and told her that  
She looked a burlesque peach.  
It was the durndest looking thing  
That he had ever seen.  
It had a pink and yellow wing  
And trimming that was green.  
Said he: "The milliners must be  
Insane, there's not a doubt,  
Go to the window instantly  
And throw the blamed thing out."  
"You brute," ma screamed, "I'll tell  
you that  
You're my most aching trial,  
I've simply got to wear this hat  
Because it is the style."

**An Omission**

Dorothy was so homesick at her first party that the hostess's mother suggested that it would be better for her to go home. Dorothy gladly accepted the idea, but a few minutes later, answering a timid knock at the door, the hostess mother found Dorothy bathed in tears.

"Well, Dorothy, I am glad to see you again. Did you decide to come back?"

"No m'm. I f-f-forgot t-to say I ha-had a nice time."—Christian Register.

**Interior Painting**

A lady art patroness was gushing over a portrait in the presence of the artist.

"I do not know how it is," she said, "but when you paint a portrait you seem to put more into it than anyone else can see."

"Madam," he exclaimed in a rhapsody, "it is not faces alone that I paint—it is souls!"

"O," she replied cuttingly, for his enthusiasm was too warm, "you do interiors, do you?"

**A Pains-taking Servant**

One evening in the spring, while a certain New Yorker was putting in a week at his country place in New Hampshire, he prepared to take a ride in his motor car, expecting to remain out until late.

He therefore told his new man that he need not wait for him, in structing him when he had finished his work to lock the garage and place the key under a stone, the location of which the owner described with much exactness.

When the employer reached home

"My scalp trouble began on the lower part of my head with severe itching and burning, forming into lumps or pimples which spread all over my head. These would itch something terrible, getting red and sore and after some time they got hard. My trouble always seemed to be worse. Nights when I would take down my hair and comb it the scales were so thick that I would have nothing but scales in my comb.  
"I had had the trouble six months when I heard about Cuticura Soap and Ointment and sent for a free sample. The itching had kept me awake at night but when I used the sample I had better rest. I bought a box of Cuticura Ointment and bar of Cuticura Soap and used them every night and morning for four weeks. My head was all healed and I would never wash my head now with anything else but Cuticura Soap." (Signed) Miss Helen Beyer, July 30, 1914.

**Fatal Either Way**

A rather turgid orator, noted for his velocity and heaviness, was once assigned to do some campaigning in a mining camp in the mountains. There was about fifty miners present when he began, and when at the end of a couple of hours he gave no sign of finishing, his listeners one by one dropped away.

Finally, there was only one auditor left, a dilapidated, weary-looking old fellow. Fixing his gaze on him, the orator pulled out a large six-shooter and laid it on the table. The old fellow rose slowly and drawled out:

"Be you going to shoot if I go?"

"You bet I am," replied the speaker. "I'm bound to finish my speech, even if I have to shoot to keep an audience."

The old fellow sighed in a tired manner and edged slowly away, saying as he did so:

"Well, shoot if you want to. I may just as well be shot as talked to death."—Pittsburgh Chronicle-Telegraph.

**His Saving Grace**

An Indiana town in the old days boasted of two characters—an official mean man who never did a good deed if it was possible to do a mean one, and an official optimist who had never been heard to speak an evil word of any human.

In the fullness of time the bad man died. On the day of the funeral the usual crowd gathered at the postoffice to await the distribution of mail. Naturally the life and works of the late unlamented came under discussion.

The deceased was painted as a miser, a liar, a thief, a scandal-monger and a backbiter. The optimist, who was present, listened in silence. At length one of the group turned on him.

"Say, Gid," demanded the other man, "ain't ever'thing we've said about that old scoundrel the truth? Kin you name one deservin' trait he ever showed?"

"Well," said the optimist, "you boys'll have to admit he certainly had a mighty good appetite."—Saturday Evening Post.

Carl Vrooman Says Big  
Business Is Not Being  
Assailed Indis-  
criminately

MADISON, Wis., Nov. 20.—"Primarily constructive, and only secondarily critical and regulatory," was the definition by Carl Vrooman, assistant secretary of the United States department of agriculture, of the attitude of the department toward the commercial and industrial interests commonly called "big business." Mr. Vrooman spoke at agricultural hall here yesterday. He went on to say that the department exercised its functions as a curb upon business activities only in proportion as such exercise was made necessary for the protection of life, property or human rights.

"We are engaged in a stupendous task," he said, "not primarily a regulative or punitive task, but in the main a splendidly constructive task, which when it has been scientifically met and worked out must necessarily result in lasting benefits for every legitimate interest involved."

"We are working for the farmer, but not for the farmer as against other interests that are legitimate. Rather for the farmer that we may at the same time help the consumer, the banks, the railroads and even the unpopular middlemen, in so far as these interests and individuals are performing useful social functions for a just return. We are working for every legitimate interest connected with the agriculture of the country and we must realize that no one of these interests can adequately and permanently be taken care of unless all other legitimate interests are cared for in a like measure."

"By a 'legitimate' enterprise I mean one in which a man gives to society an equivalent of what he gets from society. The man who gets rich by some anti-social process of gaining control of the product or the toil of other people, is a social and economic parasite. The man who gets rich by enlisting the co-operation of others, by increasing his own welfare in proportion as he increases the welfare of those associated with him, is a public benefactor. Such a man gives as much as he gets. This class of men who are merely just, merges into a still higher type who give more than they get—who give heart and soul and sometimes life blood as well as mere material things."

(SPECIAL, Minn., Nov. 20.—[Special.]—At the recent meeting of Rushford democrats the following officers were elected: Chairman, P. Isberg; secretary, J. E. Parish; treasurer, H. T. Wilson. Those present adopted several resolutions, all of which tended toward the support of good government and they also endorsed "the administration of the present governor of Minnesota and pledged him their support."

**Prefers to Sleep Some Other Way.**  
"Take this medicine according to the directions," said the physician, "and you will sleep like a baby." "You will have to excuse me, doctor," modestly replied Miss Fortysmith. "My married sister's baby sleeps with its big toe in its mouth."

## EVERYBODY WORKS FOR BABY IS RACE SLOGAN FOR SHOWER OF GOLD

### BIG DEMAND MADE FOR CIRCULATION BOOKS FOR BABES

Manager Urges Baby Supporters to Aid Delivery by Calling, Writing or Phoning for Books

#### OUTSIDERS CAN'T CROSS LINE

No Competition for District Prizes Outside District But All Compete for Grand Prize

#### ENTRIES STILL COMING IN

Wide-awake People Evince Eagerness to Get Into the Golden Race and Push Toward Home Stretch

Baby names are still pouring in for entry in the Shower of Gold election, and interest among those already started in the race has quickened with realization of what worlds there are to conquer with the subscription canvass and the ease, quickness and certainty with which subscribers can be induced to extend their subscriptions in order to make votes for the baby.

As soon as the TRIBUNE left the press last night the call for circulation books began, and many have been distributed among friends of little candidates. Manager Rambo would like to go to you with these books, but when you realize the great number of Baby contenders, and that for each baby there may be, not only parents, but other friends and admirers desiring to work, you will realize that he can not get to everybody at once.

Here is the safe way: Write, telephone or call at the TRIBUNE office for the subscription books AT ONCE. Not only that, see that the baby's sisters and cousins and aunts and uncles, and all your near friends, get to work for YOUR baby. Be a good general as well as a good soldier. You know the old song—well, change it to read:

"Everybody works for baby." One point Manager Rambo desires to make plain to all who are working that some baby may get one of these golden prizes. It is the significance of the Election Districts. Remember that each district has its own separate prizes, big prizes to tempt the dear ones of any nice baby, and that there is no competition between districts for these district prizes. In other words, no one living outside any given district can win the district prizes of that district. It is only the grand prize for which all districts compete, and anyone in any election district may win this grand prize.

Never, anywhere, has the aphorism, "Time is Money," been more true than in this election. Here Time is a Golden Prize for YOUR baby. First hours, even first minutes, spent in this race may mean gold dollars for your child, and realizing the value of every day, Mr. Rambo urges the supporters of all contenders alike to waste no precious moment in getting started. Sprinters bank much on "getting the jump" on competitors when the pistol cracks and the race begins. YOU "get the jump" on YOUR competitors in the Shower of Gold Election.

**Baby Pictures Monday**  
Today photographs of a number of the baby candidates arrived at the TRIBUNE office, and were immediately sent to the engraver for the production of halftones. Some of these cuts will appear in the paper Monday and others will follow daily in the order of their arrival at this office. Do not neglect to send the baby's picture.

**For North Siders**  
North side residents having votes to cast may leave them at the TRIBUNES North La Crosse office, 708 Clinton street, and thus save a trip to the South Side. Votes accumulating at the North side office are brought to the main TRIBUNE office.

**ELECTRIC FLASH TURNS OUT NO. 2 COMPANY FRIDAY**

Rays from the flashlight of an electrician working in the attic of St. James' parochial school turned Captain had the company on the o'clock yesterday afternoon to a false alarm. A pedestrian mistook the wailing beam of the flash for the flicker of flames, and pulled the nearest box.

Company No. 2 made one of the fastest runs in its history later in the day when Mrs. H. K. Olson, wife of the company's captain, telephoned that her chimney was on fire. The captain had the company on the street in a jiffy, and the blaze was extinguished without loss. Company No. 4 also had a run, a chimney fire at the home of Edward Johnson, 1614 Wood street, requiring their attention.

daily and duly recorded for the babies for which respectively they are voted.

Read over again today—read carefully—the following list of subscription values in votes, and the rules and regulations. Keep yourself posted, and what you are doing and DO IT NOW.

Now! READ WHAT FOLLOWS CAREFULLY. IT IS OF GREAT INTEREST AND IMPORTANCE TO YOU:

### RULES AND REGULATIONS Governing The Tribune's Shower of Gold for Babies

Each coupon appearing in the TRIBUNE to and including November 24th will be good for 25 votes, the coupon appearing on and after that date will be good for but ten votes. All ballots good for 25 votes are void after November 24th.

No person will be permitted to buy papers in bulk for the purpose of clipping coupons, but there are no restrictions as to the sources from which you may gather the votes. Interest all of your friends, relatives, neighbors, etc., in saving the coupon ballots for you or sending them to the TRIBUNE in the name of your favorite baby.

**Votes on Subscriptions**  
Votes will also be given for subscriptions to the TRIBUNE and this will be the MAIN ISSUE of this great race. Subscription books may be had upon application to the Election Manager by the parents, relatives, friends or anyone else interested in a baby's campaign. If not convenient to call, drop a postal card or phone the TRIBUNE office and the Election Manager or one of his assistants will call upon you.

No subscriptions will be accepted for less than ten weeks by carrier and six months by mail. For a new subscriber for ten weeks, by carrier, we will give 5,000 votes; for renewal of an old subscription for ten weeks will give 2,500 votes. For a new subscriber for one year, by carrier, we will give 18,000 votes. For a renewal of a subscription for one year, by carrier, we will give 9,000 votes. All subscriptions upon which votes are issued must be strictly PAID IN ADVANCE.

**Votes on Coupons**  
Cut coupons out neatly. Do not tear out. Pin or tie them together securely. When so arranged it is necessary to write the baby's name on the first coupon only. When casting coupons for a baby whose name already appears in the list, it (Continued on Page 9)

### PASSENGER TRAIN TOO SLOW FOR THIS SILK TRAIN

Two Million Dollar Special Dashes Through City on Record-breaking Run to New York

Traveling on a faster schedule than ever arranged for a passenger train, a silk special of seven cars passed through the north side over the lines of the Burlington railroad at 5 o'clock yesterday afternoon, en route to eastern commercial centers.

The cargo of seven cars is valued at \$2,000,000 and is out to break all cross country records in its dash from Seattle to New York. The train left Seattle over the Great Northern system, and according to railroad advice gained two hours on its own time in the run between Seattle and Spokane.

The silk left Japan on the steamship Talthybius of the Blue Funnel line on November 2 and was two weeks on the ocean.

### MAMMOTH MACHINE CUTS CAR'S PRICE

One machine tool, nearly 1,000 feet long, plays an important part in the manufacture of each Maxwell automobile.

This machine, costing many thousands to install, has nevertheless helped to make it possible for the Maxwell Motor Co., Inc., to chop nearly \$100 off the list price of its car for the 1916 season, through the increased production capacity which it affords, and the simplification of the labor schedule in the assembly operation.

When "Pay as You Ride" Rybold of Rybold and Weihaupt, local Maxwell Distributors, was last in Detroit, Walter E. Flanders, president and general manager of the Maxwell company, showed him this machine—a moving platform with tributary machinery, on which the Maxwell cars are assembled, on what Mr. Flanders terms the progressive plan.

The platform progresses twenty-three inches a minute. At one end men roll on this platform a string of low-wheeled trucks, each bearing a bare, unpainted frame. This frame journeys steadily from one end of the platform to the other, nearly 1,000 feet away. Its progress is flanked by stock rooms from which emerge men with steady streams of automobile parts and units. Alongside the platform stand seventy gangs of men—the most skilled in the thousands who work for Maxwell.

Drawing on the stockroom at their immediate rear, these men install, on this moving frame, part by part, the components of a complete automobile. Always the work is moving, slowly, steadily. At one point the platform meets an overhead railway which supplies, at exactly the correct rate, an automobile body for each chassis.

It takes nearly four hours for the frame to become the complete automobile which rolls off the platform and into the hands of the tester for final adjustment under actual running conditions. Under manufacturing conditions in vogue still in many plants, this assembly process would have required as many days.

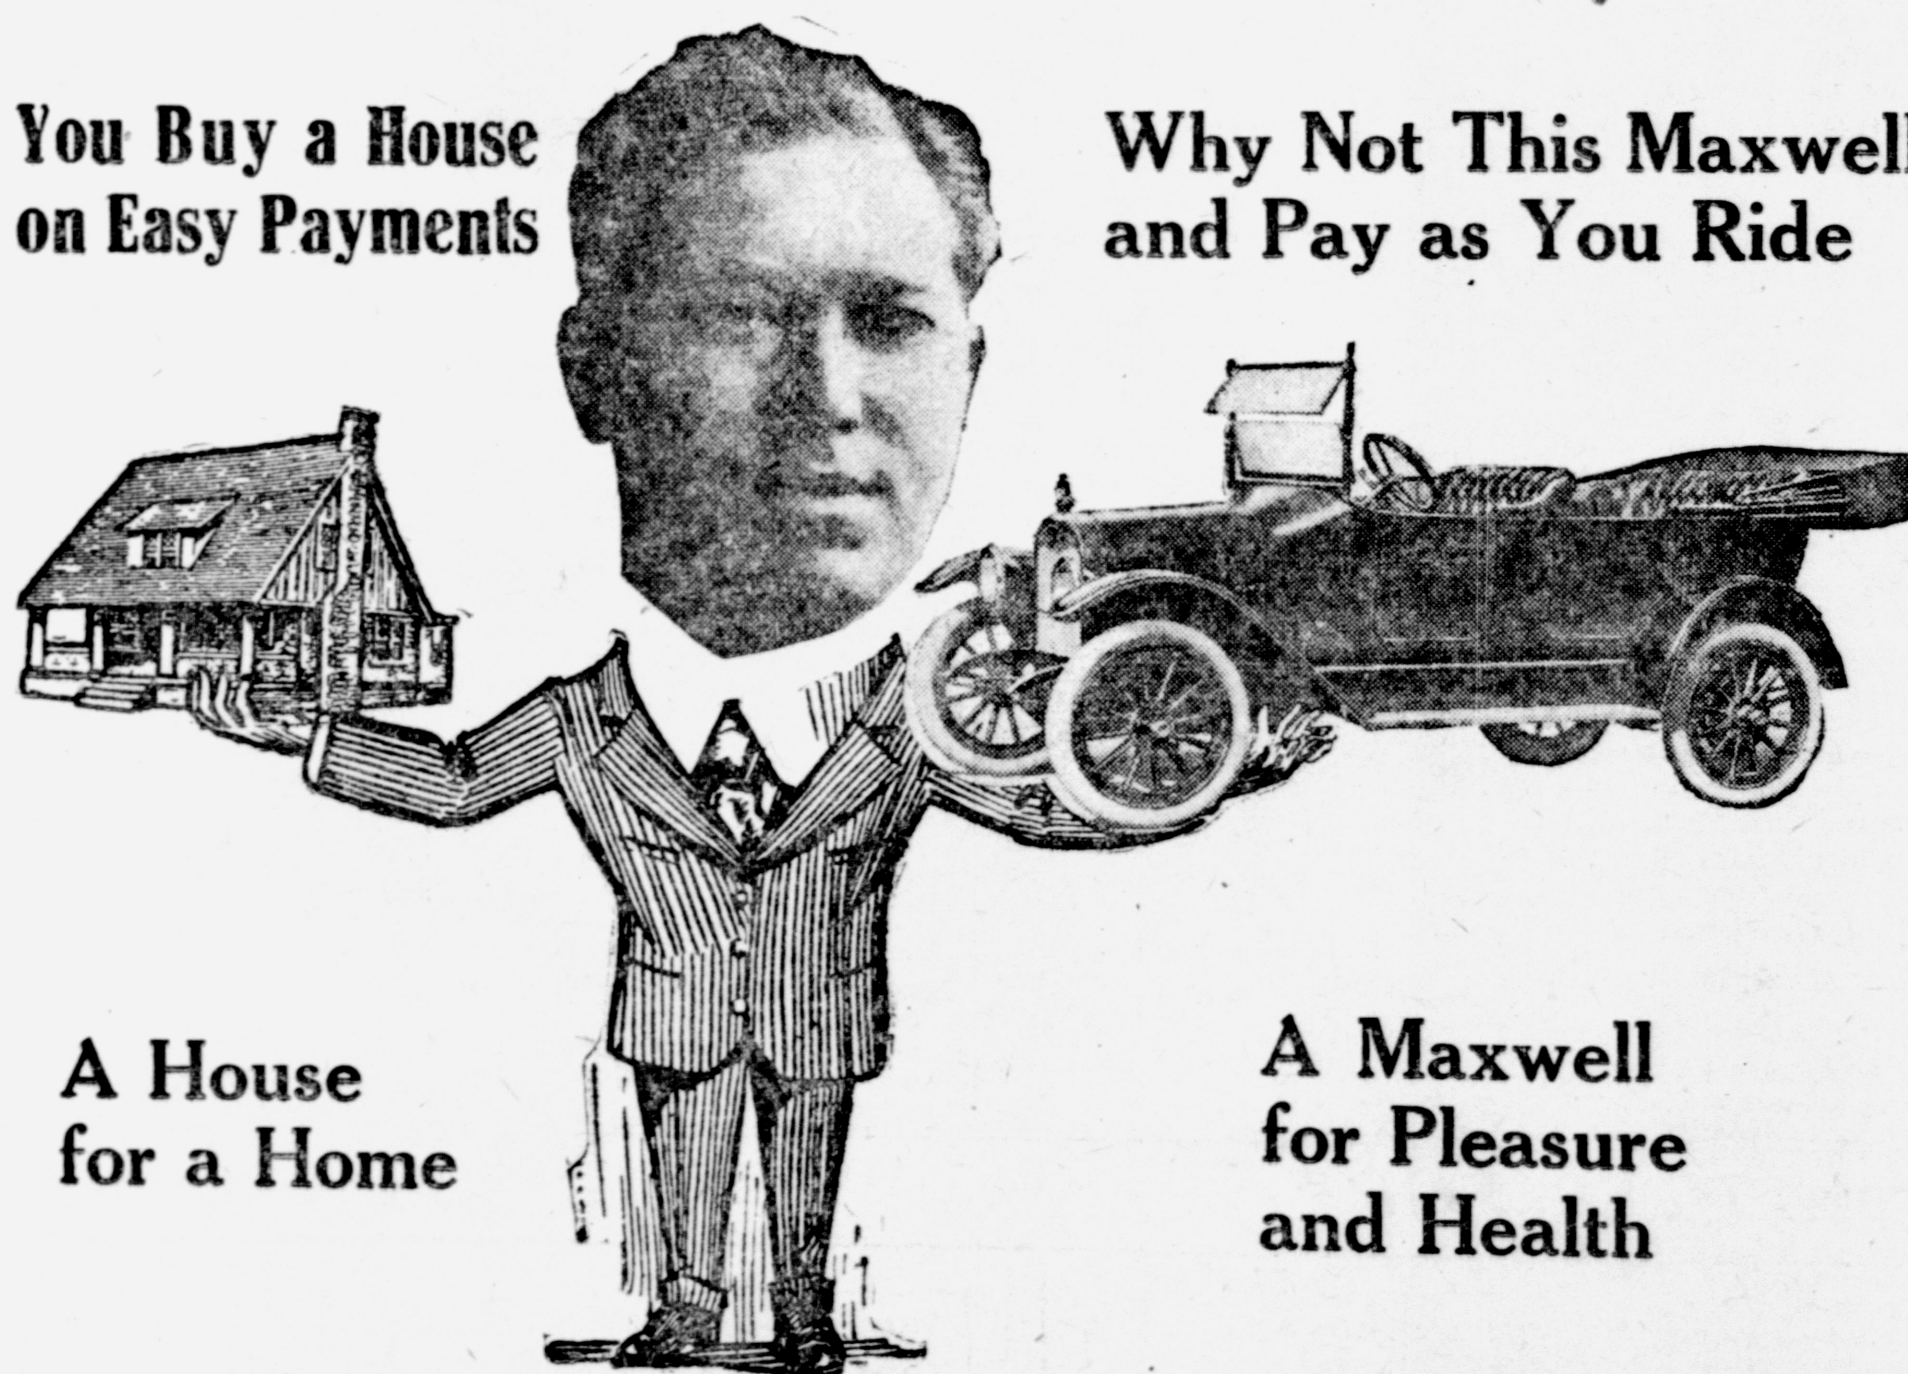

Installations of scientific manufacturing like this, and of a similarly intensified order, are the element that is bringing down automobile prices," declares Mr. Rybold. At present, he believes, it looks as if the production sharps have brought efficiency and standardization to very near the perfection point. Whether or not future years will witness similar progress is now generally deemed a highly doubtful matter.

#### Scientific Child.

Robert, the four-year-old son of a scientific man had lived in the country most of his short life. One day a caller, wishing to make friends with the little fellow, took him on his knee and asked: "Are there any fairies in your woods here, Robert?" "No," replied Robert promptly, "but there are plenty of edible fungi."—Youth's Companion.

CHILDREN LOVE  
SYRUP OF FIGS**  
If feverish, bilious, consti-  
pated, give fruit laxative  
at once.  
Don't scold your fretful, peevish  
child. See if tongue is coated; this  
is a sure sign its little stomach, Hy-  
per and bowels are clogged with sour  
waste.  
When listless, pale, feverish, full  
of cold, breath bad, throat sore,  
doesn't eat, sleep or act naturally,  
has stomach-ache, indigestion, diar-  
rhea, give a teaspoonful of "Califor-  
nia Syrup of Figs," and in a few  
hours all the foul waste, the sour  
bile and fermenting food passes out  
of the bowels and you have a well  
and playful child again. Children  
love this harmless "fruit laxative,"  
and mothers can rest easy after giv-  
ing it, because it never fails to make  
their little "insides" clean and  
sweet.  
Keep it handy, Mother! A little  
given today saves a sick child tomor-  
row, but get the genuine. Ask your  
druggist for a 50-cent bottle of  
"California Syrup of Figs," which  
has directions for babies, children  
of all ages and for grown-ups plain-  
ly on the bottle. Remember there  
are counterfeits sold here, so surely  
look and see that yours is made by  
the "California Fig Syrup Company."  
Hand back with contempt any other  
fig syrup.

When Florence Was Capital.  
Florence has had some previous association with the Italian court, for in 1864 it was made the temporary capital of Italy, and in the following year the king and court removed there. In the same year the first assembly of the Italian parliament took place there. Not until 1871 did the government remove to Rome as the capital of Italy.

**ENTENTE WOULD ADD CHINA FOR MORAL EFFECT?**  
Report Is the Allies Seek Prestige of Dormant Power of the Orient  
WASHINGTON, Nov. 20.—Great Britain, France and Russia have united in an effort to add China to the entente allies to prevent possible friction in the future between Japan and China and to preserve the peace of the Far East, it was reported here today.  
If China agrees to the plan, military participation in the present war is not expected.  
Negotiations thus far are in a conversational stage at Peking with no indications as to China's attitude.  
Although the United States is being kept informed, its diplomatic representatives at Peking and European capitals are refraining from participation.  
The Chinese legation here today professed to know nothing of the reports that entente diplomacy was attempting to draw China into the ranks of the allies for the moral effect of such an union.

**BLOCK FAILS TO RALLY FROM KNIFE**  
Former Well Known Business Man Here Passes Away Last Night in Marshfield Hospital  
After an illness of but three weeks with ulcers of the stomach, George A. Block, formerly of La Crosse, and well-known in the city, died at Marshfield, Wis., last night according to a message received by friends last evening.  
Last Friday an operation was reported to be in a final attempt to save Mr. Block's life. He came out of the operation successfully but failed to rally and life ebbed gradually until the end came last night.  
Mr. Block had charge of the shoe department of the Doerflinger store for a number of years until last March, when he resigned his position and removed with his family to Marshfield, where he had purchased part interest in a clothing and shoe store. William Block, who with the parents and two other brothers and two sisters survive him, succeeded his brother at Doerflinger's.  
He was married to Miss Anna Anderson of Eau Claire five years ago. Two children, Annabelle and Loretta Mae, survive with Mrs. Block. The body was shipped to Eau Claire today for burial.

And the price is \$1050, remember. \$1050 for a 50 horse power car!

Never before in the history of the automobile industry has so powerful a car been priced so low. It is the most powerful 6-cylinder car ever built for its weight. The new motor has a 5-inch stroke and a 3 1/2 inch bore and exhibits many important improvements in design that make it a wonder to drive. It's the snappiest, most responsive and smoothest running motor you ever sat back of.

And we are eager to have you come in and see the car and ride in it. For you can never appreciate how good that new motor is until you have had your own hands on the wheel—and taken the car up a hill or thro' a stretch of rough going.

So come in. But—don't expect a "Little Six" built to fit that price of \$1050. This 1916 Studebaker Six is a big, roomy, handsome, 7-passenger 122-inch wheel base car, and yet it is not heavy! And with even higher quality than ever.

### SPARTA WOMAN DIES OF BURNS

Kerosene Can Explodes in Hands of Mrs. George Wheeler, Inflicting Fatal Injuries

SPARTA, Wis., Nov. 20.—(Special.)—Mrs. George Keeler died last evening at 8 o'clock as the result of burns received yesterday morning at her home in Sand Creek, about five miles south of Sparta. Mrs. Keeler was starting the fire preparatory to getting breakfast when a can from which it is supposed she thought she was pouring kerosene, exploded, setting her filmy night clothes on fire. She ran out and tried to put the flames out by rolling in the snow. The house meantime got well on fire and burned to the ground. Two young girls who were sleeping upstairs saved their lives by jumping. They ran to the neighbors. A feather bed and one pillow was all that was saved. Mr. Keeler was badly burned about the face. Mrs. Keeler was taken to the home of Hans Gonke and early last evening brought to St. Mary's hospital here, but help was of no avail. The farm upon which the Keelers have been living is known as the old Gonke place and is owned by Mr. F. E. Baldwin. The loss was partly covered by insurance.

**Wire Service Crippled**  
With wires, cables and poles down, the telephone service here is in the worst condition since the company's organization. Yesterday morning snow weighted the wires and cables so heavily that only the slight wind which stirred was necessary to break down many poles. The county lines were all practically put out of commission and many city lines rendered useless. A big crew of men worked all day yesterday and it is thought at least four more days are necessary to put the system back in working condition. No attempt will be made to make the repairs permanent at first, until the lines are working. Temporary adjustments will be made as fast as a big crew can do the work.

**To Organize Choral Club**  
All Spartans interested in the organization of a choral club are asked to meet at the high school Tuesday evening. Professor Kerr of La Crosse will be there to help start the club. One hundred and fifty voices are wanted. If a philharmonic club is started it is planned that oratorios as well as mixed music will be studied.

**County Board Adjourns**  
The county board finished its business shortly before noon today and

*A tender book.

And above all  
A satisfying book.*

Rich in human charm and interest, in quick humor and romance.

most of the members left immediately for their respective homes.

An extra session was held last night at which the recommendation of the special committee was adopted and an appropriation of \$54,000 for an addition to the county asylum was voted. It was practically as the committee advised with the exception of the private electric plant which failed to go through.

### FEWER FIRES BUT MORE DAMAGE DONE

October Report of Fire Marshal Shows Fire Loss Increased \$60, Though Fires Are Less

MADISON, Wis., Nov. 20.—Reports received by the state fire marshal department show that the fire losses in the state of Wisconsin in October, 1915, were \$60 above the losses reported in October, 1914. The October losses this year were \$361,120, while in October, 1914, they were \$361,061. The number of fires this year was 218; in October, 1914, they numbered 243. The totals for September, 1915, were \$357,000.

The biggest single loss in October this year was at Lugaerville, Price county, when a spark from a smoke-stack caused a lumber yard loss of \$87,500, on October 25. The loss was fully covered by insurance.

Milwaukee county led in the number of fires, a total of thirty-nine, but the total loss was but \$13,495. Other county losses, in order of size were: Kewaunee, two fires, \$15,800; Waupaca, seven fires, \$14,415; Brown, ten fires, \$14,405; Chippewa, eight fires, \$14,300; Portage, seven fires, \$12,595; Waushara, nine fires, \$11,190; Racine, four fires, \$10,725; Polk, six fires, \$10,300.

The approach of colder weather has increased the number of fires from defective heating arrangements. Defective chimneys caused eighteen fires at a loss of \$28,490. Stoves too near wood caused eleven, with a loss of \$12,840. Eleven fires, with a loss of \$14,645, were credited to incendiaries. Lightning was the cause of thirteen fires, at a total loss of \$12,475. Fires from unknown causes were thirty-one and the loss \$54,570.

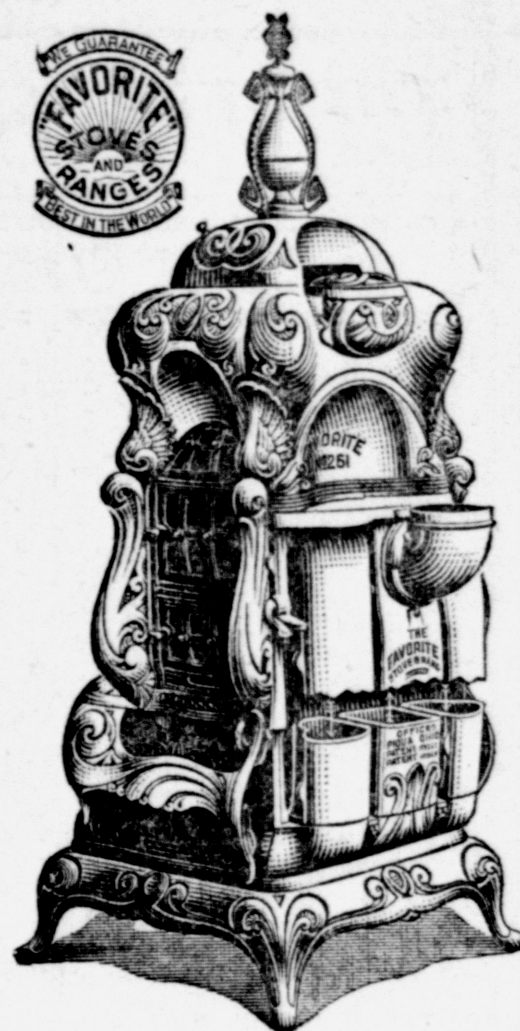

### CLEARY'S OFFICE DECORATED

MADISON, Wis., Nov. 20.—When State Insurance Commissioner M. J. Cleary, who was married a week ago to Miss Bonnie Blanchard of Blanchardville, returned on Friday from his honeymoon trip through the east, he found his private office in the capitol in regular bridegroom array, all fixed up with reminders that his way of life hereafter must be truly domestic. The decorations were placed by friends in the capitol.

### BAR DRINKS FOR PAUPERS

KENOSHA, Wis., Nov. 20.—Tipplers for paupers are under the ban in Kenosha, and Friday morning a formal police order was served on every saloon man in the city notifying him that it was against the city saloon regulations to sell liquor to any one of the seventeen men who are now wards of the city at the poor farm.

## Perfection in Little Things Has Made THE Favorite

Some manufacturers throw their stoves and ranges together.

They don't care how they make them—want a showy outside appearance, in order to attract attention and sell the goods.

The makers of the Favorite could build their stoves that way—but they don't. They have spent over sixty years climbing toward perfection in stove and range building, and we think they have now reached pretty close to the mark. That's why we handle the Favorite line. The law protects you in the food you eat, but your own common sense is your only safeguard in buying stoves and ranges, and the confidence you have in the dealer from whom you buy.

Come and see our Favorites. You'll be pleased with the beauty of design and the thorough workmanship. After you have looked them over carefully, and compared them with other makes, they'll be your Favorites, too.

You will know what we mean when we say: Favorite means perfection when applied to stoves and ranges. It means over sixty years of the best endeavor in stove and range making.

## HOPPE KEEPS UP HIS FAST PLAYING

NEW YORK, Nov. 20.—Willie Hoppe's title to the billiard championship appeared good for years to-day after Hoppe had won his third straight match in the 18.2 ball line tourney here by a big margin. Joseph Mayer, his last opponent, tallied only 165 while Hoppe rolled up 509. Yamada vs. Sutton and Slosson vs. Cochran were matches carded to-day.

"Bloody" Hackner  
He is a terror on offense at left guard and on the defense he plays a loose center.

"Yuk" Endres  
At right tackle he is a prized cog in the machine Horne has developed.

"Ben" Fennberg  
He was to start the game at quarter unless "Wallie" Reget should be sent in.

"Big Boy" Blatter  
With Endres at right tackle he at left bore much of the brunt.

"Nobby" Bott  
He played at right half and it was predicted that he will be a good ground gainer.

## STUDENTS HARASS THE TROLLEYS AND RUSH THE THEATERS IN PARADE

Although the streets were far from dry, the largest parade and mass meeting ever seen in La Crosse, was held last night. Three hundred rosters congregated at the high school with pans, horns, drums and any other noise-making device they could find. For light there were ten "tin can" torches. The school donated every one present with twelve inch sparklers. There were lights as the parade passed the library and as they came into town a brilliant array was presented. But pleasure for on-lookers was not the main purpose. To make a noise and block traffic was in the first they were very successful but their attempts to carry out the latter were futile. Twice the street cars, keeping their bells ringing pushed the crowd aside and went through. This did not continue, however, for every car that would not holdup had its trolley jerked off.

After a half hour of this, Myron Locke, who had been leading the noise corps, led one last yell and dismissed the throng at the Y. M. C. A. The live ones, however, were far from through. With a cry, they swept down Main street, passed up the majestic which they knew would be crowded, turned over to Fifth street and rushed the theater. Admittance was refused so after another dash past the traffic "cop" they were finally admitted by Manager McWilliams at the Casino.

Another parade, not quite so mas-todonic in proportion, was held this noon to meet the St. Paul players, who arrived at 12:23 on the Burlington. The field for this afternoon, while far from perfect, was in fair condition.

The second and third teams were dismissed at 1:45 yesterday and worked until five on the field and bleachers. The wind last night dried it considerably.

## YALE-HARVARD IS BIG EASTERN GAME

**Bulldog Hopes Attempt to Beat the Well-groomed Crimson Team Today**

BY FRED S. FERGUSON  
(United Press Staff Correspondent.)  
BOSTON, Mass., Nov. 20.—Rail-roads and motor highways poured thousands into Boston today for the real football classic of the east, the annual struggle between Harvard and Yale.

With coaches and trainers hovering near, the two teams were secluded in suburban hotels, receiving final instructions. Though no championship is at stake and both combatants have been soundly licked earlier in the year, a fight from whistle was promised in the stadium this afternoon.

The old Yale bulldog spirit asserted itself last Saturday against Princeton. The well oiled, smooth running Harvard machine was never better oiled or rolling along more smoothly than today. It is therefore to be a fight between a team with newly discovered power and an organized, confident body that depends on its work as a unit and the precision of Eddie Mahan's toe to carry it to victory.

Reform candidates are seldom conspicuous on the machine ticket.

## POETICAL DEPARTMENT

There is a poet in our midst.  
It appears that he is a partisan.  
For a work of his mailed the TRIBUNE shows it.  
Here it is:

### Runt's Dream. Will It Come True?

Here's to the school we love.  
Here's to the team so true.  
Here's to Reget, Layman and Lou,  
The men who pull it through.  
There is no team in the state  
That this team cannot face.  
When they meet Central high  
They must put them out of the race.  
Here's hoping the day is clear,  
Without a cloud in the heaven.  
Here's luck to the Red and the Black,  
And Coach Horne's husky eleven.

## BIKE RIDERS AT CHICAGO SLOW UP ONE IS KILLED

CHICAGO, Nov. 20.—After smashing world records the first two hours, riders in Chicago's six day bike grind started dropping behind and after eight and a half hours' riding were passing the 200 mile mark, nine laps behind the record.

Menius Bedell, of the Long Island-Australian team, was first, and Martin Ryan, Newark-San Francisco team, was second. A crowd of about 800 stayed up all night to watch them.

In avoiding a collision with another rider, Louis Kuehl, Chicago star amateur rider, went over the railing and landed thirty feet below on a concrete floor. He died shortly afterwards.

## WESTERN SEASON IS ENDED TODAY

Gophers-Badgers Battle at Madison and Maroons-Illini Scrap Furnish Finale

BY J. P. YODER  
(United Press Staff Correspondent.)

CHICAGO, Nov. 20.—After today and until spring, the college contortionists who lead the cheering, will be out of their jobs. Middle west football for 1915 dies today with the two biggest battles of the year.

While Gopher and Badger fight it out at Madison, Chicago and Illinois clash here on Stag field. Nothing has happened since last reports to change the feeling that Wisconsin and Chicago are due for a trimming. Chicago's chances in the matter of speed are not over bright in spite of the straw blankets that were used on the field to keep some of yesterday's rain and snow off. The gridiron was heavy today and the Illinois have proven themselves pretty fair mud larks.

All four teams are in good shape. All four coaches will start their best teams in the first scrimmage. If the dope isn't scrambled and Minnesota and Illinois win, it will mean the former gets the title, with Illinois in second place, and Chicago in third.

## WILTON GRAPPLER VISITS LA CROSSE

George Brandau, 155-pound claimant to the national middle-weight wrestling title, was in La Crosse Thursday from his home at Wilton, Wis., with a deft to any mat artist tipping the scales from 155 to 175 pounds. He engaged in eighteen matches on the Pacific coast, winning them all, according to the wrestler himself. He lost but one fall. He claims to have beaten Dave Burns in two straight falls at San Francisco. Burns is a national welterweight champion.

## WOMEN'S BASKET BALL SCHEDULE IS LENGTHENED

Country School Seniors and Physical Ed Juniors Appear to Have Edge

Women's basketball at the normal has continued through another week's battles, and had the initial schedule been followed, the official class champs could now be proclaimed; however, the schedule has been revised so as to extend over a longer period, thereby enabling each team to meet every other team. Standings will be kept on the percentage basis. On Tuesday the Physical Ed juniors met and defeated the seniors of the same course 10-7. On the following day the primary and state graded team whipped the High School juniors 8-4 and the college aggregation was overwhelmingly beaten by the Physical Ed juniors 16-4. The final games were played on Thursday when the primary and state graders ran up a score of 36 to 2 on the Country School seniors, thereby making the best showing to date. This team and the Physical Ed juniors appear as the two strongest aggregations in the Girls' league.

## BIG CROWD HEARS SCHOOL PROGRAM

Tidy Sum Realized for Rushford High School Athletics by Musical Program

RUSHFORD, Minn., Nov. 20.—(Special.)—A record breaking crowd gathered at the high school assembly room Tuesday evening when the students of the higher grades and the high school gave their program. Instrumental duets, a violin solo and a selection by the high school chorus pleased all and reflected great credit upon both instructors and pupils. Stereopticon views were shown by Prof. Sandhammer and each view described by Prof. Reinartson. Egyptian views predominated, though the concluding slides depicted the last game of basketball which our girls played at Lanesboro. A home made candy booth proved a drawing card for all who came past it in one of the upper halls and the proceeds from it and the entertainment amounted to over \$29. The sum will go to the high school athletic work.

### Christian Endeavor

The topic for this week's study is, "The way in which God wants to be thanked." The scripture reference is found in Ps. 67:1-7. In the study of this topic let us keep in mind the many blessings that we receive daily from our Heavenly Father. Let each one come to the meeting prepared to thank Him for something that has come to you or to your friends during the past year. Leaders, select songs of thankfulness and ask sev-

eral to give one minute talks on subjects such as "Why I am thankful for the West Salem Christian Endeavor convention," "How we may be daily thankful."

#### Societies and Leaders

First Congregational society, Seventh and Main streets, in the church parlors, at 7 o'clock. Miss Mildred Lewis will lead.

First Presbyterian society, corner Sixth and King streets, at 6:15 o'clock in the church parlors. Mr. Benson will lead.

North Presbyterian society corner Avon and Logan Sts., north side, at 6:45 o'clock in the church lecture room. Miss Doris Kent will lead.

Next week November 28, 1915, the topic will be, "Home Mission Work to be done in Our Community." The Bible reference is found in Luke 14:15-24. A great many topics of interest may be prepared for this meeting. Throughout the world there is home mission work to be done. Perhaps your mission work is in your own society. Or, perhaps it

### Events In The War One Year Ago Today

Seven million men were fighting on the eastern front. Washington accepted Turkey's explanation that the U. S. S. Tennessee was fired on because she was entering a mined harbor at Smyrna.

### NORMAL JUNIORS GIVE TO Y. W. C. A.

The junior class of the state normal school, with a large percentage of out of town students, has presented the Young Women's Christian association with ten dollars to reward their financial needs. It was learned yesterday morning. The contribution was voted at a meeting of the class Thursday.

comes closer home than that and you find that you have to begin on yourself. Wherever the task for you lies do it faithfully. Never forget our city mission. One of the greatest opportunities the Christian Endeavor societies of La Crosse has is the opportunity for service in the Rescue Mission. Mr. Dewey will appreciate your efforts and the Master will reward you for it. Missionary committees, make this a "victory" meeting in your society.

Daily readings:

Monday, November 22—The Foreigner, Mark 7:24-30.

Tuesday, November 23—Educational Work, Jer. 31:31-34.

Wednesday, November 24—Sunday Schools, Acts 28:30-31.

Thursday, November 25—A Mission to Sodom, Gen. 19:1-2-15.

Friday, November 26—Aid to the Sick, Mark 2:1-12.

Saturday, November 27—Civic Ideals, Ps. 24:1-6.

It would be a good plan for each Endeavorer to use the daily readings during their Quiet Hour.

#### Announcements

The C. E. society of the First Presbyterian church has a new efficiency superintendent, Mr. Edmund Cronon. Mr. Cronon has had experience in C. E. work in Philadelphia and the society is getting ready for a "victory year" in efficiency. This society has decided to spend its missionary efforts upon evangelistic work in La Crosse. It is ready to stand by Rev. Jones in all his undertakings along that line.

All announcements for this section must be given to the press committee on the Wednesday previous to publication. Phone 1526 Red. Milton Townner, press committee.

Note: Endeavorers, let the press committee know what your society is doing that all La Crosse may know. Are you going to help fight the evils here? If so, let's hear about it. "Shout it upon the house-tops."

### TEDDY COULD GET GOOD JOB WITH CANADIAN ARMY

OTTAWA, Ont., Nov. 20.—"Colonel Roosevelt certainly would make a bonnie fighter," said Major General Sam Hughes, minister of militia of Canada, when asked today about a report that the former president had offered to join the Canadian forces in Flanders.

"I have heard rumors of such an offer, but it was not made to me," said Hughes. "I would be delighted to give Colonel Roosevelt command of a division."

NEW YORK, Nov. 20.—"Colonel Roosevelt has absolutely no comment to make," said the colonel's secretary today, regarding an Ottawa, Canada, report that the former president may volunteer for active service with the Canadian troops in Flanders.

"We can save you money"

This advertising expression undoubtedly dates back to the beginning of barter and sale, and as a talking point is hard to beat.

The only trouble about its use is that some people are impetuous and want to see the saving quick.

So far as tires are concerned, and if it is the immediate dollar right in hand that is wanted, you can beat Diamond Squegee Tread Tires for a quick saving at the start.

BUT if it is the big saving that comes from accumulated mileage that's most inviting, we can truly save you money on Diamond Squegee Tread Tires.

### FAMOUS PLAY TO OPEN MAJESTIC'S Y. W. C. A. BENEFIT

"The Rosary" Features  
Kathlyn Williams in Film  
Version of Edward  
Rose's Drama

"THE MELTING POT" TOO REAL  
Walker Whiteside's Play of  
America Banned in Europe  
Because It Told Too Much  
Truth of Russia

"The Rosary", which Manager Frank Koppelberger of the Majestic theater has booked for his offering to the movie fans of the city for the first half of Thanksgiving week, when the proceeds will be turned over to the Young Women's Christian association, is adapted from the famous play of Edward E. Rose. The picture, a seven-reel show, is one of the best productions ever made by Colin Campbell, the man who directed such wonderful photoplays as "The Spoilers" and "The Carpet From Bagdad."

It revolves upon the highly dramatic theme which is so well known to the playgoer and novel reader public and is presented in such an artistic manner that all who see it are certain to marvel at its beauty. The cast includes such finished players as Kathlyn Williams, Wheeler Oakman, Charles Clary, Frank Clark and Eugene Bessner.

The story, which is too well known to need retelling, deals with the unjust suspicions of a husband whose wife shields her erring sister, and the near tragedy which results. The part of Father Kelly, who is really the chief character, is taken by Charles Clary. Kathlyn Williams is the wife and Wheeler Oakman the husband. Supporting these players are several well known stage stars.

Few motion pictures have aroused as much discussion as has the "Melting Pot," the film masterpiece from the pen of Israel Zangwill, which will be seen here at the Majestic theater the last half of Thanksgiving week in Manager Koppelberger's benefit bill for the Y. W. C. A. The excellence of the photoplay, the artistic acting, the exciting situations, the intensely dramatic scenes, and above all the patriotic theme are attributes of the play which have caused many who have seen it to pronounce the production one of the best filmed this season.

Its realistic character is evidenced by the action of the Russian ambassador to the court of England in having the picture suppressed in the empire because it portrayed faithfully and accurately the oppression of the masses by the aristocrats of Russia.

Walker Whiteside, who assumes the leading role in the picture, that of the young Russian boy, an alien musician in this country, who battles against almost overwhelming odds, makes his debut as a pantomimist in the "Melting Pot." In the role of David Quixano, which he created on the legitimate stage, the popular film star repeats his personal triumphs in a new field.

The "Melting Pot" has enjoyed unusual popularity on the legitimate stage, but theatergoers who have seen the production in the flesh, and on the screen, are undivided in their opinions that the filmed production is by far the better of the two forms. Not that the acting of Whiteside is better in the film play than on the stage; he is as good in the one as in the other, but so much more dramatic matter is visualized on the screen that the moving picture is given the popular decision. The horrors of Kishineff and the sacrifice of Vera Ravendal, the daughter of the man who ordered the slaughter of the Jews on Black Easter, are all given in detail in the picture, while on the stage they were necessarily introduced as part of the dialogue.

Valentine Grant, as Vera, has lifted herself to the position of a star, and usurped a place in which she shares the honors with Mr. Whiteside. Her screen presence, "type" and acting all go to make the picture one of the best ever produced.

### MAJESTIC RESUMES REGULAR POLICY OF SUNDAY VARIETIES

A snappy vaudeville bill will bring the Majestic theater back to its regular policy of vaudeville once a week tomorrow. The Pantage Road Shows which have made such a success on their one-day visits to this city will be continued with a five-act program in which a marvelous singing spectacle will be perhaps the chief attraction. The act is known as "The Moon Girl and The Mermaid." It has an elaborate scenic dressing of its own, and is guaranteed by its producers to please not only with its beauty but with its excellent musical qualities.

Miss Lillian Sieger, whose advance notices declare she is known as "the cleverest comedienne," will also strengthen the bill in a melange of singing and talking, and another act something similar in type, but widely divergent in material and manner, will be next to her on the bill. This is a pair known as "those personality girls"—the Parlow sisters. They sing, and dance and poke fun at themselves and the audience.

One of those black-face acts which is always welcomed with a smile is that of Hart and Rose, two clever minstrels. It opens with a smile, which advance notices declare deepens to a grin and ends in a hearty laugh as the pair get under way.

## ANNOUNCEMENT

### TRIANGLE PROGRAM TO MAKE ITS BOW HERE NEXT WEEK

"Two Dollar Movies for a Dime" Is Phrase Majestic Manager Uses to Describe New Venture

GRIFITH LEADING PRODUCER

Creator of "The Birth of a Nation" Will Present Weekly Drama to La Crosse

Not the least interesting theatrical announcement of the season is Manager Koppelberger's inauguration of the Triangle Program a week from Monday at the Majestic theater. The Triangle film corporation has been making considerable stir in the movie world since it made its bow a few months ago, and their success with two-dollar movies in New York, Philadelphia and Chicago has aroused considerable interest in the presentation of Triangle pictures in La Crosse.

"Two dollar movies for a dime" is Manager Koppelberger's phrase for his approaching policy. With the same plays—identical films—that are being shown at prices ranging down from two dollars in the metropolitan centers, Mr. Koppelberger feels confident that his popular price will bring him a wide patronage.

That the Triangle program will please he regards as certain. He points to the unprecedented success of "The Birth of a Nation," David Wark Griffith's great masterpiece, which is closing its engagement to a packed house this evening. The Majestic has done practically capacity business with the mighty spectacle every night this week. It's a good omen for the success of Griffith's future plays in La Crosse, the Majestic manager feels.

The Triangle program is meeting with success all over the country. It is being placed in every city of any size—one of the smallest is La Crosse. Fabulous prices are paid for the rights to the exclusive Triangle franchise. In a list of twenty-one exhibitors culled recently for advertising purposes in a trade magazine, the weekly rentals that have been contracted for to obtain the Triangle service reach \$25.00 a week. One of the men, a well-known eastern exhibitor, pays \$7,500 a week for the Triangle program.

The names of the three great pro-

### What Walker Whiteside Thinks Of His Play "The Melting Pot"

"THE MELTING POT," in which I play the role of DAVID QUIXANO, owes its unrivaled success, in my opinion, to its strong heart-interest and its genuine appeal to that characteristic American passion—love of fair play.

*Walker Whiteside*

ducers—Griffith, Ince and Sennett—have captured the interest of the motion picture world. But there are many other great names beside this famous three to mark the Triangle as above the average. A host of the greatest actors of the English and American stage have signed Triangle contracts. Julia Anderson, the greatest American classic actress, Sir Henry Beerbohm Tree, most noted of Englishmen, Douglas Fairbanks, Eddie Marshall, Thomas Jefferson, Hale Hamilton, Ford Sterling—these are but a few of the famous names on the Triangle roster.

Dustin Farnum, in "The Iron Strain," produced by Thomas H. Ince, will open the Triangle program's appearance in La Crosse. "My Valet," with Raymond Hitchcock as the star, will be the second feature of the opening bill—a Sennett comedy. The last half of the opening week (the Majestic will change its program twice weekly), D. W. Griffith will present Douglas Fairbanks in "The Lamb," and Mack Sennett will show Charles Murray in "A Game Old Knight." That will be the policy for every show—a Griffith or an Ince drama, with a Sennett comedy to top off.

With at least forty plays in preparation for Triangle programs, it is evident that the big enterprise has acquired a producing momentum in harmony with its reception by exhibitors. That alone is significant. And the stamp of quality is maintained on all the plays to come, it is asserted. The Triangle program, its backers declare, will be one that did not start with a brave display of picked pieces and then wear thin. Rather the other extreme has been

touched. The strongest cards are not played on the opening bill.

Their diversity is the most striking characteristic of the plays now in the hands of the directors. Excepting that the releases for the next two months contain an unusual number of panoramic battle scenes there is scarcely a duplicated feature. And even battle scenes, stirring and magnificently handled as these are, have wide diversity as well as compelling attractions—as witness the Indian fight in "The Lamb" and the Civil war scenes in "The Coward."

Following these will come the pictorial reproduction of the siege of the Alamo from Griffith's studio, and some breathless sword fights through old French streets in the Ince version of "The Three Musketeers," entitled "D'Artagnan," which will come a little later.

The diversity in subject and treatment throughout the program is best illustrated by a brief review of some of the plays now occupying the projection room screens in the three studios.

The play begins with a vividly portrayed Indian massacre and ends with the rounding up of the Penitentes in their desert retreat by a troop of cavalry. Its settings are literally marvels of selective composition and give a sense of wild solitudes under a blazing sun—which in truth they are.

The photographing of "Don Quixote," in which DeWolf Hopper plays the leading role, is nearing completion. There remains chiefly the difficult windmill scene, which would be sorely missed because it is so widely known, although it is not important to the play.
